Where Can I Get the Hepatitis A Vaccine?

If you have health insurance, please contact your Primary Care Physician (PCP), or check with your health insurance provider by calling the phone number on the back of your health insurance card to determine your in-network providers. For those with insurance, the hepatitis A vaccine should not require any out-of-pocket costs as long as policies are compliant with the federal Affordable Care Act.

Other options for obtaining Hepatitis A vaccination are through your local:

- B & B Pharmacy
- Kroger Pharmacy
- Kroger Little Clinics
- Walgreen's
- Rite Aid
- Walmart Pharmacy
- CVS
- My Pharmacy

If you do NOT have health insurance, please contact your local health department for more information.
